RE: Kristle KLR conditional use permit appeal

The League of Women Voters of Ashland and Bayfield Counties supports the rights of citizens to provide input into public policy and decision-making. Based on this position, we strongly support the rights of municipalities and elected officials to maintain decision-making powers regarding zoning and permitting of water resources in their municipality.

We support the decision by the Bayfield County Zoning Department to deny the conditional use permit as handed down in April of this year, and we believe the Board of Adjustment has the authority to uphold the decisions.

Sincerely,

A handwritten signature in black ink that reads "Sue Niemi". The signature is written in a cursive style.

Sue Niemi

President
